PTA Carnival Set For October 31

Mrs. Guy Wood, Jr., chairman of the Annual PTA Halloween Carnival, will be held on Oct. 31, announces that plans have been completed for the event.

The Carnival and Halloween Parade, which grown-ups as well as the children look forward to each year, promises lots of fun and entertainment for everyone.

The costume parade will be in charge of Mrs. George Wedgworth and will start promptly at 6:00 p.m. at the East side of the football field and will be led by the High School Band. Prizes will be given for the best boy, best girl and most original in each age group including pre-school children and from one through sixth grades.

The Carnival will be held on the Elementary School grounds and the various booths, will be operated as usual with hot dogs, candy, lemonade and etc.

The spaghetti supper will be served in the cafeteria in charge of Mrs. Bill Graber and Mrs. J. Norris starting at 6:00 P.M. All civic organizations will have entertainment or food stalls. There will be fortune telling, hayrides, horse rides, fire truck rides and numerous other entertainment for everyone. A dance for teen-agers will be held in the gym under the supervision of Mrs. Frank Dooley.

Bob Creach, Sr., Seriously Affected By Wasp Stings

Thursday afternoon while wandering in his mother's flower garden here, Bob Creach, Sr., stung himself with several wasps and had several of them sting him around the face and neck.

While his sister Miss Sarah Creach was guiding him to an automobile for the purpose of getting him to a doctor, she was stung on the arm and leg.

After administering first aid Mr. Creach was sent to the local hospital overnight.

Previously, Mr. Creach had suffered one sting and was at that time seriously affected, especially with breathing. So, the second occurrence caused the sister to realize the seriousness of the bites.

Mr. Creach is convinced that but for quick medical aid the results would have been fatal. However, he and Mrs. Creach have returned to their Port Myers home.

VA Hospital Bingo Party Well Attended

American Legion Post 20 was in charge of the Port Myers Veterans Hospital in Coral Gables last Monday night.

Attending Legionnaires and Auxiliary members were Mr. and Mrs. Homer Brooks, Mr. and Mrs. Ray Pentz, Mr. and Mrs. J. B. Jones, Mrs. Vivian Arnette, Mrs. Marjorie Anderson, Miss Rosalind Farmer, Mrs. Mary Riley, Mrs. Happy Ogle, Mrs. W. C. Allen, Mrs. Mildred Larriek, Mrs. Winnie Paul, Gene Hubner, Junior Vaughn, and Mrs. Lourie Knowlton.

Home-baked goodies — pies, cakes, cookies, candies — will be on sale tomorrow, beginning at 8:30 in the morning in front of the Hugo Theatre.

The sale is being conducted by the Beta Sigma Phi Sorority.

Five members are planning to attend the luncheon meeting of District 10, Florida Federation of Garden Clubs, to be held at the Skiffish Club in Palm Beach on Thursday. Members are invited to tour the Gardens of Mrs. Willard A. Leach and pause for refreshments at her home.

Attending were Mrs. Irvin Zumpff, Mrs. C. J. Aspey, Mrs. Hopen and Mrs. Bryant McLendon, guests. Mrs. F. A. Leach, president, Mrs. Ray Roth, Mrs. Paul Kirchman, Mrs. S. L. Corbin, Mrs. J. Y. Dell, Mrs. Port Burke, and Mrs. C. B. Cowart.

ORATORIAL SOCIETY SING REHEARSAL MONDAY

The Palm Beach Oratorical Society holds rehearsal Monday night at 7:30 o'clock in the band room of the Palm Beach High School on Gardenia Street.

THE ANSWER IS GOD

Attend church of your choice.

FLORIDA'S JUNIOR SENATOR, George Smathers, and his secretary, played a round of golf with Joe Zelman on the local Country Club course. Joe is an old-time golfing partner of Smathers' and says that he "did quite well" on the local course. The Senator asked to the combined Lions and Rotary meeting in the clubhouse at lunch and took a "restful" afternoon off.

Rotarians To Hear Bates At Today's Luncheon Meeting

Members of the local Rotary Club will meet at 12:15 today for their regular luncheon meeting at the Belle Glade Country Club. In addition to the regular order of business Louis T. Bates will address the members. Bates has become well-known in the Belle Glade area recently having spoken to the Junior Chamber of Commerce last night and to the Everglades Underwriters Association yesterday noon. His delivery is humorous, entertaining and informative.

Site Is Available For Swimming Pool

In reply to a request from the City Commission, the Housing Authority of Belle Glade at its regular monthly meeting Wednesday night authorized Executive Director Emmett Roberts to inform the City that the south half of the five-acre tract just east of the northeast corner of the Athletic Field is available.

The authorization says "Our attorney has been instructed to prepare the necessary instrument to effect the transfer."

The City Housing Authority has previously turned over to the city some 12 acres of land in the southwest corner of the city under an agreement that it will have been made into a park and recreation area for the negro citizens of the community.

Several lots also have been turned over to the city of South Bay for similar purposes, and have already been made into a park and recreation area for South Bay.

CHRISTMAS SEALS AS SOURCE OF FINANCES DISCUSSED AT LIONS

Jim Wirenco, program chairman presented Mrs. Ruth L. Sheppard, Executive Director of the County Tuberculosis Association, who told Lions that Christmas Seals provide the sole income for the association's work and that 81 per cent of the money collected remains in the county.

Accompanying Mrs. Sheppard was Dr. G. E. Hamm, Medical Director of the SE Fla. Tuberculosis Hospital at Lantana.

Of the just under 800 tubercular people in Palm Beach County presently under supervision of the County Health Department, 95 new cases were reported last year, of the 277 deaths in Florida last year 16 were in Palm Beach County.

TB is catching and is a preventable disease; early TB is comparatively easy to cure, and free chest X-rays are available to anyone at the County Health Department Chest Clinic, West Palm Beach.

BUT CHRISTMAS SEALS! Baked Goods Sale Here Tomorrow

Home-baked goodies — pies, cakes, cookies, candies — will be on sale tomorrow, beginning at 8:30 in the morning in front of the Hugo Theatre.

The sale is being conducted by the Beta Sigma Phi Sorority.

Contest for arrangement of crotons with other materials was won by Mrs. Paul Kirchman.

Five members are planning to attend the luncheon meeting of District 10, Florida Federation of Garden Clubs, to be held at the Skiffish Club in Palm Beach on Thursday. Members are invited to tour the Gardens of Mrs. Willard A. Leach and pause for refreshments at her home.

Attending were Mrs. Irvin Zumpff, Mrs. C. J. Aspey, Mrs. Hopen and Mrs. Bryant McLendon, guests. Mrs. F. A. Leach, president, Mrs. Ray Roth, Mrs. Paul Kirchman, Mrs. S. L. Corbin, Mrs. J. Y. Dell, Mrs. Port Burke, and Mrs. C. B. Cowart.

Rams Clash With Trojans Tonight

The Lake Worth Trojans come tonight to engage the Rams in a battle which might well determine who will occupy the cellar in the 1955 Suncoast Conference race. Both teams are winless in four outings this year, and barring a tie, one of them is bound to emerge with a victory tonight.

The Rams, as a result of injuries and inability, will present a revamped lineup for tonight's game in a desperate effort to find a winning combination. Wayne Bair will be shifted to fullback and Larry Harris gets the nod to take over the quarterback post. Harris looked very impressive in his brief appearance against Stuart. Billy Lee, 185-pound freshman, who showed great possibilities, has turned up ineligible. Louis Friedman, diminutive but fast, was dropped from the team.

At right half and Leon Burkett will be running at left half. Wayne McKee, another victim of the injury accident, will not be on hand and will be replaced by Jim Dooley who has been on the team since the start of the season.

Larry Burkett, still ailing with an ankle injury will see limited action.

The Rams have been showing steady improvement each week and feel that they are "ready" for this one. Belle Glade High Ouletelle, a very cautious man when it comes to making predictions, says simply, "It's a place in the community as a 'progressive group'."

"Our organization is a progressive training group rather than a political training group, as some will say. It is natural that from our membership have come some of Florida's outstanding political figures, for our purposes and accomplishments," he stated, "establish for us a place in the community as a 'progressive group'."

"Some of our most outstanding Christmas and state programs are: 'Our promotion and participation in community efforts and with the boys and girls are outstanding in many of Florida's cities.'"

Eight District Jaycees Conference With Local Club And Its Jayceettes

Some fifty delegates from the eight clubs represented with the Hollywood club made the longest report and with the greatest number of visitors attended.

Before the business session a luncheon was served to those in attendance.

Following the luncheon the ladies were invited by local auxiliary members to a lecture and social hour.

After the return of the ladies and the finish of business the Belle Glade Club made ten boats available for a trip into the Lake. This part of the program was enjoyed by approximately half of the visitors and a goodly number of local folks.

Two former Belle Glade students in the news this week at Stetson University, Deland.

Walter Mosley, son of Mr. and Mrs. Winfield Mosley of Chokoloe, was recently pledged to Delta Sigma Phi fraternity.

Mosley graduated from Belle Glade High School last June and is a freshman.

Pat Figueroa, daughter of Mr. and Mrs. Christian F. Figueroa of Belle Glade was elected secretary of the Music School.

Governor Appoints Roberts Chairman Migrant Labor Cm.

Emmett S. Roberts, Palm Beach County Legislator, has been named temporary chairman of a 13 member committee to study migrant labor problems, by Governor Leroy Collins last Tuesday.

The committee will study problems and then make recommendations for the 1957 Legislature.

Roberts told the Herald: "I consider it an honor to serve as chairman of the Governor's Citizens Committee on Migrant Labor. The migrant labor problem has long been one concerning many sections of our state.

With the great growth of Florida's agriculture economy has also come the need for agricultural laborers."

Rep. Roberts outlined four major phases of the problem to be studied. They are health, welfare, education, and housing.

"An estimated 50 to 60 thousand migrants now come to Florida each season," he said. "Their activities and travel effect every phase of community life."

He went on to say that the Puerto Rican immigration, particularly in Broward and Dade counties had created problems which needed immediate attention.

Following the luncheon the ladies were invited by local auxiliary members to a lecture and social hour.

After the return of the ladies and the finish of business the Belle Glade Club made ten boats available for a trip into the Lake. This part of the program was enjoyed by approximately half of the visitors and a goodly number of local folks.

Corn Beats Beans In First Car Lot Shipped By Hull

The first rail carload of Glades produce was filled this week, according to the Florida East Coast Railway. Hull Packing Company shipped the first carload of corn from the local market bypassing the dominating beans.

Local growers show this to be the first instance of corn moving first ahead of beans.

Pioneer Growers' Coop here said they expected to have their first beans Monday with some corn by the last of the week. As yet there has been no activity at South Bay Growers. A consensus of opinion agreed that there would be little or no activity with leaf vegetables before the first of November.

A partial report on proposed acreage for 1956 was last week in the Herald. Figures covering other major crops for the Glades area have just been released by the agriculture research section of the Florida Employment Service, which has been active since March.

What is accurately estimated for this season.

A more accurate survey will be made during the season which may or may not alter these figures. These listings represent the acreage for the season with estimates to May 15 for bush beans.

There were 26,000 acres of corn last year and about the same area is contemplated this year. Seven thousand, five hundred acres of beans were recorded last season and that acreage is expected to be 7,600 this season.

The corn yield was 840 bushels per acre and about the same is expected now. The same acreage was last year and about the same area is contemplated this year. Seven thousand, five hundred acres of beans were recorded last season and that acreage is expected to be 7,600 this season.

The corn yield was 840 bushels per acre and about the same is expected now. The same acreage was last year and about the same area is contemplated this year. Seven thousand, five hundred acres of beans were recorded last season and that acreage is expected to be 7,600 this season.

FAIR ASSOCIATION ORGANIZING SPRING GLADES ACTIVITIES

The Everglades Fair Association committee met Oct. 13 when representatives of local civic groups discussed the dying interest in the annual fair. The fair is not getting local support and apparently the only way to save it would be to reorganize the constitution and charter. Legion Post 20 now holds the charter.

Form letters will be sent to all local organizations to get a consensus of opinion as to what changes are necessary.

The committee meets again Oct. 27 at the city hall at 8 p.m. All civic groups are urged to send a representative.

Suspects Arrested In Pahokee Robbery

Local police in co-operation with the Pahokee Police Department, county sheriff's office, and investigator John Hatt are tracking down the person or persons responsible for the theft of a safe stolen from Jack Spencer's market in Pahokee.

Spencer said he discovered the safe last Monday about 6:30 a.m. and reported that the safe containing \$1,018 in checks for \$1,468 worth of checks for deposit and account books had been stolen from his office.

The safe was later recovered by W. R. Wilson in his cornfield across SR 717 from the Pahokee airport. The account books, and checks were recovered. The safe, weighing between 400 and 600 pounds, was dynamited to force off the door.

Spencer said the safe was stolen sometime between the time he left the store Sunday afternoon and when he arrived Monday morning. The back door had been broken down.

The police and Spencer determined that no merchandise had been taken. The \$1,018 was both bills and silver.

Belle Glade Police Chief Charles Goodlett declined to say what actual evidence was on hand except to say it was "good circumstantial evidence."

On Tuesday, Sgt. Ray Trammell and Officer Buck Lee of the local police brought in four suspects for questioning.

Cattlemen Hold Annual Meeting

The sixth annual meeting of the Glades Livestock Market Association was held Oct. 10 with 40 members in attendance at the livestock market here.

John L. Evans presided. Patronage refunds recently mailed to members doing business with the association amounted to \$8,000. The largest check went to McConnell Ranch for more than \$500.

In addition to patronage checks a 6 per cent dividend on capital stockholders was made in the amount of \$8,000.

SOUTH BAY BEAN CITY LAKE HARBOR

Billie Joe Ratley and Norman Austin visited Miss Lou Ann Austin at Unatilla Sunday.

Mr. and Mrs. R. W. Edwards moved their household goods from Deland to South Bay over the weekend. Edwards is substituting for an agent on vacation at the Eau Gallie station for the next two weeks but will open the FEC Railway Station here on or about Nov. 1.

Meat Willits attended an MIC meeting in Miami Monday night.

MANY PARENTS VISIT TEACHERS FRIDAY

The Faculty conference with parents Friday was well attended both morning and afternoon by interested parents seeking to know the teachers of their children better and also to discover how they were doing in their school work.

The Student Council members acted as ushers throughout the day and served light refreshments.

STEER TO BE GIVEN AWAY HOLLOWEEN

A 500-pound Hereford steer will be given as a door prize at the annual Halloween Carnival this year. The carnival is set for Monday, Oct. 31.

MISS DUGGAR TO WED JAMES "PAT" MARTIN

Announcement of the engagement and approaching marriage of Miss Mary Alice Duggar and James Paschal "Pat" Martin is being announced by her parents, Mr. and Mrs. Markus J. Duggar of Greenacres City.

Miss Duggar is a graduate of the Lake Worth High School.

Pat is the son of Mr. and Mrs. Luther Martin, formerly of South Bay, now living in Miami. He attended the South Bay and Belle Glade schools and is now in the U.S. Navy at the Great Lakes Naval Training Station near Chicago.

The wedding is scheduled for November.

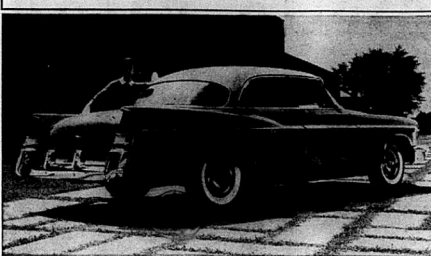

SANDRA WILSON FETED ON EIGHTH BIRTHDAY

Mrs. Paul Wilson entertained at a children's party Saturday afternoon, complimenting her daughter, Sandra, on her eighth birthday.

The Halloween motif was used in the games and refreshments and each child was given a Halloween mask. Halloween decorated cup cakes, ice cream and soft drinks were served to Jimmie and Barbara Ann Meekie, Johnnie and Nadine Taylor, Cheryl Byrd, Helen and Ray Sloan, Allen Mansfield, Janet Crichtfield, Sharon Roberts, Gladys Messer, David Kersey, Rita Leathlean, Derinda Kelo, Butch and Susan Wilson, Dottie and Sandra Wills.

Those assisting Mrs. Wilson in the entertainment of the young guests were Mrs. Curtis Sloan, Mrs. Cecil R. Meekie, Mrs. Richard Byrd, Mrs. Jim Taylor.

1956 CHRYSLER FEATURES FLIGHT-SWEPT REAR FENDERS

The Chrysler New Yorker for 1956 offers new and super-safe LifeGuard door latches as standard flight-swept rear fenders which emphasize the equipment. Chrysler New Yorkers are available low, slim, fast lines of the car. It features a new in a new four-door hardtop, six-passenger sedan, 230-horsepower FirePower V-8 engine, fully-auto. Newport hardtop, St. Regis hardtop, convertible matic push-button drive, new center-plane brakes coupe and high-style Town and Country wagon.

1956 Chryslers Offer Greater Power, New Styling, Push-Button Shifting

The completely new 1956 Chrysler, featuring such innovations as push-button shifting, high fidelity record player, LifeGuard door latches and instant heat aircraft-type heater, were announced today. They will be shown Oct. 21 at Chrysler dealerships from coast to coast.

"The youthful spirit and vigor of Chrysler Corporation's Forward Look is accentuated still further in the 1956 Chrysler lines by the use of completely original flight-swept rear fenders," said E. M. Braden, general sales manager, Chrysler Division, Chrysler Corporation.

"For 1956, the 'Power-Style'

Chrysler Windsor and 'Power Style' Chrysler New Yorker models feature the latest engineering advances — exclusive new Push-button PowerFlite drive, new 12-volt electrical system and new center-plane brakes of unprecedented efficiency and long wear.

Two new V-8 engines—a more powerful 230-horsepower Fire Power V-8 in the Chrysler New Yorker line and a 225-horsepower Spitfire V-8 in the Chrysler Windsor line, offer outstanding performance and increased economy. A new high-efficiency power modification available on Windsores boosts Spitfire engines to a full 250-horsepower.

For 1956 Chrysler also offers new light-swept rear fenders, new high-efficiency vacuum PowerSmooth brakes, new pull-type door handles, new improved Safety Beam headlights and a new rotary-type deck-tilt latch.

Seasonal Job Open For Clerk-Typist

Captain Joseph W. Leary of the Quartermaster Corps will interview clerk-typist applicants at the Florida State Employment Service Office on Wednesday, Oct. 26. Captain Leary stated that the job required a person who could type accurately, answer the phone, and could work well under pressure. He said it was a temporary position for six months with the highest honor a Rain-

bow girl can get, her graduation from Rainbow. This honor is presented to a girl who is still an active Rainbow member when she has reached her twentieth birthday. Miss Phelan was presented with a bouquet of yellow roses, tied with rainbow colored ribbon.

L. T. Bates Speaks To Local Jaycees

Louis T. Bates, noted speaker and educator, made the second appearance of his round of speaking engagements last night, speaking before the Jaycees and their wives at a dinner meeting at the Belle Glade Country Club.

A number of Jaycees planned to attend the fall conference Oct. 29, in West Palm Beach. Principal speakers include Governor Leroy Collins, Ted David, speaker of the House, and Fawcett Bryant, representative from Ocala.

Among those expected to attend from the local organization are: Lebron Williams, C. L. Todd, Bob Newman, Morgan Rashley, Eugene Ellis, Barnes Smith, John Kinlaw, and Marlan Chapman.

Rose Ceremony Held By Order Of Rainbow

The local assembly of the Order of the Rainbow for Girls held a beautiful Rose Ceremony at their regular meeting on Monday night. This is a ceremony in which the Rainbow girls honor their mothers.

Mr. Joe Cherry, Worthy Grand Patron of Grand Chapter of Florida, conducted this truly impressive ceremony, with Rainbow mothers attending.

Also at this meeting, Miss Beverly Phelan was presented with the highest honor a Rain-

Chamber Of Commerce Membership Over 200

Five local businesses have become members of the Belle Glade Chamber of Commerce according to Mrs. Edwin Young, executive secretary of the Chamber. They were reported at the dinner meeting of the group Oct. 11. Two renewals of memberships were also listed.

New members are: Dr. Mendal Loe, D.D.S.; Kunkel Meat Packing Company; Ray's Smoke House; Raulerson Office Supply; and rancher, Epifanio Ortiz from Columbia.

The two renewals are: Shawano Development Corporation and the Carlisle Motel.

These additions boost the Chamber of Commerce membership to over 200.

The wedding will take place in December.

Suzanne Williams Feted On Eighth Birthday

Suzanne Williams, celebrated her eighth birthday last Wednesday afternoon from 4 to 6 p.m., when her mother, Mrs. C. L. Williams entertained at a Halloween party at her home on S.E. Ave. F.

The table was laid with a cloth carrying out the theme, centered with a birthday cake, decorated with black cats, witches and orange pumpkins.

Hot dogs, baked beans, potato chips and soft drinks were also served.

Favors of black hats and baskets of Halloween candy were presented each guest.

The group played games and watched television.

Present were Linda Clayton, Mary Beth Livingston, Susie Schoppel, Susie Lindrose, Suzanne and Jane Williams, Beverly Steele, Cherry Bridges, Margaret and Ruth Ann Kaufman, Janet Hofard, Lee Ann Berryhill, Ann Williams, Nancy and Alice Bashley. Mrs. Williams was assisted in serving by Eileen Lindrose.

Beverly Steele is Surprised At Party

The Halloween motif was carried in the two birthday cakes and other decorations at the party Mrs. Roy Steele gave in honor of her daughter, Beverly, on her seventh birthday, at her home on S.E. 4th St., last Sunday afternoon.

Beverly was really surprised, because her birthday came on Oct. 13, and she didn't think of a party after that date was past.

The guests enjoyed all kinds of games and favors of gaily colored balloons and bubble gum were given each one.

Mrs. Steele was assisted in serving and entertaining by Janie Steele and Sue Geer.

Refreshments of cake, ice cream and punch were served to Beverly and her guests, Sherry Bridges, Suzanne Williams, Kathleen Cook, Charles Ruff, Debby Jones, Margaret and Ann Thompson, Robyn Davis, Barry Vickery, Linda Ann Hollingsworth, Ellen Keese, Mike Williams, Jack Keese, Karen Matthews, Yvonne Lockmiller, Tom and Butch Abbott, Beth and John Hobson and Milly Kirchman.

District 10, FF Of Garden Clubs Meet

Recently appointed director of District 10, Federation of Garden Clubs, Mrs. Ivan Van Horn, will preside at the second

MRS. IVAN VAN HORN

annual meeting today at the Salfish Club, Palm Beach. The West Palm Beach Garden Club will be the hosts club.

Mrs. Van Horn, vice president of the local Garden Club and also past president served two years as director of District Six. She has been active in the local club for ten years.

Other local club members serving as district chairman are President Mrs. Irvin Zumpf, chairman of conservation; Recording secretary, Mrs. Herbert D. Beck; corresponding secretary, Mrs. Harold Riedel; assistant editor, Florida Garden Club, Mrs. A. P. Hopson.

Mrs. John Parkinson, president of Florida Federation of Garden Clubs will be speaker on "Do You Hear the Bell" at 1:30 a.m.

Present will give reports and various committees and District Directors will be introduced. Luncheon will be at 12:15 with registration in charge of Mrs. C. G. Garner.

In the afternoon district chairman will give reports and election of new district 10 director will be held.

At 3 p.m. refreshments will be served in the garden and home of Mrs. Willard F. Leach, on Ocean Boulevard, Palm Beach.

Reservations for 21 were made from the local club.

Mrs. Williams Honors Her Mother At Coffee

Mrs. Williams entertained at a morning coffee Monday from 9:30 to 11:30 a.m., at her home on N.W. Ave. I, commemorating her mother, Mrs. J. E. Henderson of Ocala.

Arrangement of cut flowers were used throughout the rooms.

Refreshments of coffee, and gingerbread and whipped cream were served to the guests calling: Mrs. J. E. Jones, Mrs. Robert Abel, Mrs. Frank C. Anderson, Mrs. Robert Bell, Mrs. Earl Lindrose, Mrs. Louis Kirchman, Mrs. A. F. Hopson, Mrs. Ned Ayres, Mrs. Walter Roth, Mrs. Fred Raulerson, Mrs. C. A. Bailey, Mrs. Milton Macey, Mrs. R. Y. Creech, Jr., Mrs. George Wedgeworth, Mrs. Barnes Creech, Mrs. Barnes Smith, Mrs. Herbert Chapman, Mrs. Ray Roth and Mrs. Francis Cross.

Raymond Collingsworth Married In Tennessee

Miss Juanita Rebecca Crummore, daughter of Mr. and Mrs. J. W. Crummore of 480 W. Outer Drive, Oak Ridge, Tenn., became the bride of Alce Raymond C. Collingsworth of Tyndall AFB, Panama City, on Sept. 17.

The marriage was solemnized at the United Pentecostal Church at 8:30 p.m. with the Rev. L. H. Benson performing the ceremony.

Mr. Collingsworth is the son of Mr. and Mrs. T. C. Collingsworth of Belle Glade.

Mrs. C. J. Aspey To Head Flower Show

Mrs. C. J. Aspey was appointed general chairman of the flower show slated the first part of April, at the regular monthly meeting of the Belle Glade Garden Club Thursday afternoon at the Community Club House at 3 p.m.

Mrs. Irvin Zumpf, president presided over the business session.

Announcement was made of the program on Garden Therapy and the dedication of the shut house at the Florida Hospital at Lantana on Nov. 16. A flower show school, Course I, scheduled for Nov. 7-8-9, sponsored by the Belle Glade Garden Study Club was also announced.

Mr. Harold Riedel, year book club chairman distributed the attractive year books.

Mrs. Herbert Beck presented the program topic, "Propagation of Annuals from Seeds," which was prepared by Mrs. George Farwell who was unable to attend. The selection of seed, preparation of soil, proper fertilizers, necessary care of seed beds, transplanting and other information concerning gardening in south Florida was described.

Mrs. Zumpf served as judges' chairman and gave instructions as to points to consider in the contest entries, both artistic and horticultural.

Winners in the contest on specimens of African Violets were: 1st, Mrs. Irvin Zumpf; 2nd, Mrs. M. M. Sabiston; 3rd, Mrs. Bryant McLendon. The contest on foliage arrangement for a buffet was tied for 1st place with Mrs. Herbert Beck and Mrs. Zumpf; 2nd was won by Mrs. Carl Hayes.

Fifteen reservations were made for the meeting of District 10, Garden Club Federation to be held in Palm Beach on Oct. 21 at the Salfish Club, where Mrs. Van Horn, local member, will preside as District Director.

Guests were Mrs. E. C. Mapp, Mrs. F. A. LeFalls, Mrs. Warren Begans, Mrs. A. Ludlow, Mrs. Frank A. Huston, and Mrs. R. L. Eaton. Mrs. F. C. Hollingsworth renewed her membership.

Refreshments were served by the hostesses, Mrs. Herbert Beck, Mrs. Roy Shrontz and Mrs. Charles Beck.

Other members present were: Mrs. Della Altman, Mrs. C. J. Aspey, Mrs. C. A. Bailey, Mrs. J. F. Browne, Mrs. D. C. De Haven, Mrs. J. P. Hathrook, Mrs. R. W. Hooker, Mrs. Bryant McLendon, Mrs. Victor Mulberg, Mrs. Harold Riedel, Mrs. M. M. Sabiston, Mrs. Ivan Van Horn, Mrs. J. L. Scott, Mrs. Carl Hayes and Mrs. Richard Hodges.

SPORTSMANSHIP TROPHY—Presented by the Suncoast Conference to the school displaying the best sportsmanship during the year is held by John Thompson, left, President, Belle Glade Student Council, and Jim Seay, right, President, Pahokee Student Council. Student speakers from Pahokee in Assembly last Friday and Belle Glade Student Council members are left to right, Jeanne Mock, Kay Friend, Fay Herring, Karen Allison, Ronnie Hitchcock, Hunter Latham and J. C. Womack. The trophy is making the rounds of the conference schools and will go back to Ft. Pierce, last year's winner. If Ft. Pierce wins the trophy this year, they will get to keep it permanently.

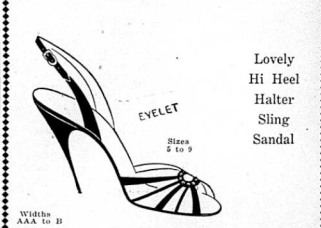

FIRE DESTROYS WHITE RESIDENCE WEDNESDAY

The first white residence fire in the city in nearly eight years occurred Wednesday evening at 6:08 at 417 S.W. 2d St. The fire of undetermined origin in the unoccupied stucco apartment was brought under control in five minutes. Firemen said the structure was more than 50 per cent destroyed.

The property belonged to L. B. Cook, Sr., and was in the process of being repaired.

A spokesman for the Fire Department said sightseers hampered the effectiveness of the firemen during the blaze. He asked that on-lookers confine themselves to a greater distance in the future.

Marine Corps Accepts Three Year Enlistees

Immediate three and four-year enlistments in the Marine Corps are now open according to a recent announcement by Technical Sergeant Arthur H. Ellis, local Marine recruiter for the Belle Glade area.

Formerly, four and six year enlistments were urged upon applicants with only a limited number of three year enlistees accepted. Under the present policy, there is no waiting or delays, applicants may be enlisted for three, four or six years service in the Marine Corps.

It was re-emphasized that only volunteers are accepted by the Marine Corps. Marine officials are convinced that the volunteer system is largely responsible for the high state of morale and "esprit de corps" for which the Leathernecks are famous.

Young men may volunteer for duty with the Corps until they receive their draft induction notice. Once a young man receives orders from his draft board to report for induction, he is no longer eligible or permitted to volunteer for the service of his choice.

Join now while the choice is still yours, Sergeant Ellis urges. Take advantage of the present three year contract being offered.

Methodist Laymen Attend Conference

Twelve laymen from the Community Methodist Church here attended the annual laymen's conference at the Leesburg Methodist Youth Camp Oct. 14-15-16 with their pastor, Reverend H. E. Garrett.

Those attending included: Ralph Kiddier, Natlie Taylor, Dr. Clarence Kidder, Walter Hooker, Vernie Boole, Larry and Floyd Royal, Emil Wolf, Dr. Charles Ozaki, Pellon Morris, Floyd Rider and Thomas Lanier.

This conference was the 7th annual meeting of laymen. Over 840 persons attended. The first meeting seven years ago registered 28 members.

Outstanding speakers included Bishop Arthur J. Moore of Atlanta, Fran N. Faber, chairman of the general board of lay activities, Leo Royce of Montgomery, Ala., and Sergio Boca from Cuba.

Presbyterian Church Has 12 New Members

A Communicants Class taught by Dr. Scott to prepare young people for church membership has met for each Saturday of the past two months. The ten members of the class received into membership last Sunday were Eddie Whitlock, Junior Cumpton, Sharon Motes, Genie Griffith, Ginger Griffith, Sharon Bea Sadler, Janet Ludlow, Skipper Pascoe, Charles E. Lutz, Jr., Linda Lutz. Adults received last Sunday were Guy E. Bender and Chas. E. Lutz.

The Sunday evening youth programs began at 6:15 o'clock were started the first of October. Mrs. Tommy Parker is in charge of the Youth Fellowship high school ages. Officers of the Youth Fellowship elected last Sunday were: Brooman Cumpton, president; Alma Ann McClure, vice president; Genie Griffith, secretary-treasurer.

The attendance at church services last Sunday was 164 and at Sunday School 110. The sermon subjects of Dr. Scott for next Sunday are: "The Upward Way" at 11:00 a.m. and "Teach Us to Pray" at 7:30 p.m.

Palm Lake Assn. In Session Oct. 20-21

"Go Forward" is the theme of the Seventh Annual Session of Palm-Lake Baptist Association convening Oct. 20-21. The association includes a membership of 10,000, composed of 14 churches in Belle Glade, Canal Point, Pahokee and Lake Harbor in the Lake area and West Palm Beach, First Baptist, Northwood, West Gate, Lake Avenue, Everhall, Lake Park, Riviera Beach, Lake Worth, Loxahatchee and Greenacres City.

The Rev. Allan R. Watson, pastor of Northwood Baptist Church, will serve as moderator at both sessions at the Lake Avenue Baptist Church, West Palm Beach, Thursday evening on Friday at the Canal Point Baptist Church. Rev. James Boyd, new pastor of the First Baptist Church will deliver the sermon at the first session and special music will be presented by the choir of the First Baptist Church, Belle Glade under the Music Leader, Wendell Carpenter.

On Friday at the second session at the Canal Point Baptist Church, beginning at 10:00 a.m., the annual sermon will be given by Rev. Harold Harlee, pastor of Lake Harbor Baptist Church and music will be in charge of Earl Holloway and vice-moderator will be Rev. U. W. Malcolm pastor of First Baptist Church, Belle Glade.

Principal speakers will be Dr. Earl B. Edgington, St. Petersburg pastor, who will discuss Baptist programs at Stetson University; Dr. W. G. Stracener, editor, Florida Baptist; Winnes and Dr. Obell Hand, Avondale Baptist Church, Jacksonville.

Regional SS Rally Revival This Week

A Regional Sunday School Rally of the Church of God convened at Lake Worth on Monday and Tuesday. Several inspiring lectures, films, and sermons were enjoyed by a large group.

Attending from Belle Glade were Rev. and Mrs. J. M. Gresham, Jimmie Lee Gresham, Jeanette McDonald and Rev. Jack Matthews.

The revival at the local Church of God will continue boys.

through this week. Rev. Matthews conducting the revival will begin a revival at Okeechobee beginning Sunday night. He states there will be a trio. The Black Sisters from West Palm Beach who will assist in the music.

Presbyterian Women Elect New Officers

"The World's Presbyterian Alliance" was the program presented by Mrs. Ed Browning and Mrs. Dorothy Cumpton at the regular meeting of the Women of the Everglades Presbyterian Church Tuesday evening. Others taking part on the program were Mrs. Leighton Scott, Mrs. Robert Lanier, and Mrs. Tommy Parker.

Officers for the coming year elected were: treasurer, Mrs. Florence Powell; secretary, Mrs. W. K. Whitlock; pastor's aid, Mrs. David Motes. The officers for president and vice president are elected for a two year period. Mrs. J. E. Fraser, president and Mrs. Ed Browning, vice president, will serve another year.

First Baptist Juniors

"Learning from the Bible" was the topic of the program Sunday morning in the Junior Department of the First Baptist Church where 63 Juniors and workers participated. Scripture was from the Book of Psalm 119, verses in which David sometimes told of God's love and mercy and sometimes he sang about his own thankful heart. Center of interest was an open Bible in front of red, white and blue (Jr. colors) candles which were lighted during the song, "Holy Bible Book Divine" by Douglas Cox. Gary Norman and Beverly Kirkland pinned tags on all Juniors, which had a picture of the Holy Bible and were inscribed "Wonderful Words of Life". Susan Clark was pianist for the morning.

The class of Mr. McAllister's 12-year boys received the banner for having the highest grade, second rating went to the class of Mr. T. E. Hollingsworth's 10-year boys and third was the class of Mrs. Gerry Unwin's 12-year girls.

Three new members welcomed into the Department were Sherrian Tabb who joined the class of Mrs. Justin Harris' 10-year girls. Huggy and Dewey Jones who joined the class of Mr. Hollingsworth's 10-year boys.

Girls' Aux Elects New Officers For Year

Martha Faye Davidson was elected president of the Intermediate Girls' Auxiliary, a group of girls sponsored by the Women's Missionary Union of the First Baptist Church, Belle Glade, last Monday.

Officers elected for the coming year were: treasurer, Mrs. Florence Powell; secretary, Mrs. W. K. Whitlock; pastor's aid, Mrs. David Motes. The officers for president and vice president are elected for a two year period. Mrs. J. E. Fraser, president and Mrs. Ed Browning, vice president, will serve another year.

Churches of Christ, Scientist

Spiritual demands on man for growth and progress will be brought out in the Lesson-Sermon entitled "Probation after Death" at Christian Science services Sunday.

Christ Jesus' emphasis on regeneration will be set forth in readings from the Bible including the Lesson-Sermon, John 3: "Jesus answered and said unto him, Verily, verily, I say unto thee, Except thou be born again, he cannot see the kingdom of God."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be among those read: "Universal salvation rests on progression and probation, and is unattainable without it."

Ciborium Consecrated At Episcopal Church

Last Sunday Father Petrie, vicar of St. John the Apostle Episcopal Church, consecrated a new sterling silver ciborium presented to the congregation by Mr. and Mrs. William Kimball, Dr. G. R. Townsend, senior warden, accepted the gift in the name of the congregation.

The sacred vessel which will hold the bread consecrated in the Holy Eucharist is the work of Blunt and Wray, London, England. This is the same firm that made the silver candlesticks presented to the cathedral in Washington, D. C., by the late King George.

E. S. Roberts Is Named Chairman Of Publicity For Preaching Mission

To prepare for the forthcoming preaching mission to be held at St. John the Apostle Episcopal Church, Nov. 3-5, E. S. Roberts has consented to serve as chairman in charge of publicity. It is pointed out by Mr. Roberts, who is a member of the Florida State Legislature, that this will be the first time an Episcopal Church on Lake Okeechobee has had such an event. The purpose of a mission is as stated by Mr. Roberts is to

New Officers of WMU Explain Duties

Mrs. Marvin Unwin, newly elected president, presided and gave the Devotional at the first general meeting of the Women's Missionary Union of the First Baptist Church, Tuesday night.

The watchword for 1955-56 is "All the ends of the world shall remember and turn unto the Lord" (Psalm 22:3). Mrs. Mills Byrom, community missions chairman, stated the project for November, or the group would include giving a Thanksgiving Basket to a needy family and that each member assist a shut-in and take a gift.

Announcement was made by Mrs. U. W. Malcolm of a WMU study course to be held Nov. 28. Mrs. Mazie Whitaker, Literature chairman, announced that the Home Mission Magazine will be sent free of charge to any home desiring the magazine.

Members of the WMU will sew at the hospital during the month of October and will also bring Bibles to Home Life Magazines in the Hospital and met in Belle Glade.

Duties of officers were explained by Mrs. S. M. McAllister. Mrs. Edwin Rice, Mrs. N. G. Geer, Mrs. Christine Figure, Mrs. Carl Hayes, Mrs. W. W. Malcolm, Mrs. Mills Byrom, Mrs. Roy Litchfield, and Mrs. E. C. Marshall. Mrs. Jack Lutz explained the WMU pin and colors.

Guests present were Mrs. Wallace Lutz and Mrs. G. A. Smith. Twenty-one members were in attendance.

WSSC To Observe Week Of Prayer, Special Programs, Wed., Thurs.

October 25-31 is the Week of Prayer and Self-Denial at the Community Methodist Church. All members of the Women's Society of Christian Service are invited to attend a prayer service meeting to study projects which will need their help, Wednesday evening, Oct. 26 at 7:30.

The "Rhythm Band" had its first meeting last Sunday afternoon with seven youngsters attending. Plans are being made for this group are very good. Practice for this group will be every Sunday afternoon at 6:00 p.m.

HOW CHRISTIAN SCIENCE HEALS

"WHAT HAVE YOU INHERITED?"
8:00 a.m. 9:30 a.m.
WSWN Sundays

Read II Corinthians 8:1-3
They... first gave their own selves to the Lord.
(II Corinthians 8:5)

In the school of life, the self passes through several stages of growth. Earliest childhood is the stage of unconsciousness. The senses begin to awaken. Later childhood is the grade school of life when the mind develops by the observation and applications of principles. Youth is the high school of life when the emotions begin fully to awaken. Young manhood or womanhood is the college of life when the venture is made to build a home and business for oneself. Old age is the university of life when the final preparations are made for graduation from this life to the heavenly university.

It has been found that the men and women in Bible history and in other history who did best in these courses in life were those who first gave their own selves to the Lord. It has also been found that the only way really to make up for failure in the course of life is to give oneself to the Lord. Christ is the true instructor, companion, and redeemer during the entire course of life.

PRAYER
Father, awaken us to the devout attention to the life and teaching of Jesus. We would offer Thee the gift of self. Accept us as disciples who would learn of Him and pray as He has taught us. "Our Father who art in heaven... Amen."

THOUGHT FOR THE DAY
None of us can give to God a better gift than the gift of self.
Zorizta D. Fumaldjiff (Bulgaria)

New '56 Pontiacs Feature GM's Redesigned Hydra-Matic Transmission Six 'Hardtop' Models; Bigger Engine

The new 1956 Pontiac models are available in all three which go on display in dealers' showrooms Friday (Oct. 21), introduce a General Motors "first," a completely new Hydra-Matic transmission. Called Strato-Flight Hydra-Matic by Pontiac engineers, the new transmission is designed to provide smoother, quieter shifting of gears.

The Pontiac Strato-Flight V-8 engine, introduced last year, is larger in 1956 with horsepower upped to 227 in the Star Chief and 205 in the 370 Manager of Pontiac Motor Division, said today. "In over two million test miles the revolutionary transmission system design of three them four-door and three two-door, 'Hardtop' mo-shifting. This new Strato-Flight

Hydra-Matic transmission combined with Pontiac's more powerful V-8 engine will give Pontiac owners a new experience in positive efficient performance. There is no interruption in transmitting power to the rear wheels and gear action is barely noticeable. This positive action insures unhampered acceleration for quick, safe maneuvering.

"The longer and lower look of Pontiac's new body styles combine with big-car riding comfort in the new series," Critchfield pointed out. "The rich colors of Pontiac's Hydra-Matic transmission, the new wide range of colors.

"Pontiac is proud to be the first to introduce a big and vital General Motors first—Pontiac's new Strato-Flight Hydra-Matic transmission," R. M. Critchfield, General Motors Vice President and General Manager of Pontiac Motor Division, said today. "In over two million test miles the revolutionary transmission system design of three them four-door and three two-door, 'Hardtop' mo-shifting. This new Strato-Flight

Safari Station Wagon, on 122-inch wheelbase.

In Pontiac's middle - priced 870 series with 122-inch wheelbase are the Catalina two and four-door "hardtops," a four-door sedan, a two door two-seat station wagon and four-door three-seat station wagon.

Comprising the low priced 860 series are the Catalina coupes and sedans, two and four-door sedans, two-door two-seat station wagons and four-door three-seat station wagons.

Newly designed for increased cargo space, the Pontiac two-seat station wagons have a folding seat with the back-rest and the cushion folding into the floor. In the three-seat wagons, both the back seat and center seat fold into the floor with a split seat arrangement on the middle seat so that one-third or two-thirds of the seat can remain in place for passengers.

Front-end styling is similar on all three series. A brilliant wrap-around bumper of sturdy chrome-plated steel protects the entire front end of the car. The chrome-plated front bumper and grill give the car a spirited, powerful look. Bomb type bumper guards and air-scoop presents above the headlamps add to the fleet appearance of the car. The headlamp visors match the color of the front fenders.

It is not necessarily a sign of insanity if you talk to yourself, but watch out when you start to listen.

Cattlemen Invited To Compete In Dominican Fair

Florida cattlemen today were extended a special invitation to compete for \$157,000 in prizes exhibiting first class livestock at the International Fair for Peace and Progress, Dec. 20 through February, 1956, at Ciudad Trujillo, capital of the Dominican Republic.

Entries representing 18 cattle associations from five countries already have been received by the Fair committee of the event.

Beef and dairy cattle, sheep, horses, swine, goats and poultry will be exhibited Jan. 5-10, 1956. American university professors will judge the events which will be followed by a auction, allowing breeders to sell their animals.

All livestock will be sheltered in up-to-date barns and stables. Hay and fodder are provided under an eight dollar registration fee. Entry regulations can be obtained by writing Dr. Miguel A. Herre, Dominican Consul, 1038 Brickell Ave., Miami.

The Dominican Fair live stock show is the first major exhibition of its kind the Caribbean country has staged since developing a prosperous cattle industry of its own.

Census Bureau To Obtain Facts On School Enrollment

Questions on school enrollment and on the employment status of veterans will be asked in addition to the regular inquiries on employment and unemployment in the October Current Population Survey, according to Supervisor, Mr. L. S. Bullington of the Census Bureau's district office at Tampa which will participate in the survey.

Similar questions on school attendance last October revealed that enrollment in U.S. schools and colleges reached a record high of 36 million in 1954. Elementary school enrollment (first 8 grades) for the 1954 school year was 24.4 million, high school enrollment

FFA BOYS MAKE NEWS—

Three members, Dan Jones, Louis Friedheim, and Buck Jones are shown in picture with their 1,400 pound Brahman bull, Sir Money-maker the 27th. The steel chute made by Johnny Schleicher in Farm Shop at school is even strong enough to hold Sir Money-maker. The chapter ran 23 cattle on 25 acres of St. Augustine grass, rosclown stain, for eight months. Their steers gained an average of 200 pounds each without any supplement. The Belle Glade Chapter FFA was featured in the October issue of Progressive Farmer, who have over 1,200,000 subscribers in the Southern States.

Serve Perky Pompadours On A Cool, Crispy Day

Baked like a custard, and served warm on a crisp, mappy day, these melt-in-the-mouth Coconut Pompadour puddings are a delightful combination of smooth coconut cream pudding mix and frothy chocolate meringue.

Coconut Pompadour Pudding

1 package coconut cream pudding and pie filling mix
2 eggs yolk
2 eggs white
1 square unsweetened chocolate
6 tablespoons sugar
2 tablespoons milk
2 egg whites stiffly beaten
Add egg yolk and blend well. Then add remaining 2½ cups milk. Cook and stir over medium heat until mixture comes to a full boil. Remove from heat. Pour into greased custard cups.
Fold chocolate over hot water. Add sugar and 2 tablespoons milk. Fold into egg whites. Pour onto puddings. Place custard cups in pan of hot water and bake in moderate oven (375°F) 25 to 30 minutes. Then, serve warm. Makes 4 servings.

NATION'S TOP FFA DAIRY AWARD GOES TO FLORIDIAN

George Ford, 19-year-old member of the Quincy, Florida, Future Farmers of America Chapter, was named winner to night of the nation's top award for dairy farming by a member of the FFA.

He received a \$250 check from the Future Farmers of America Foundation during the presentation ceremony at the National Dairy Cattle Congress in Waterloo.

Three other farm boys received FFA Foundation checks of Dairy Farming Awards. They are J. W. Foster, 17, Route 2, Monett, Missouri; Sterling Griffiths, 16, Beaver, Utah; and Elwood Hitchcock, 17, Rt. 4, Montrose, Penn.

Each of the four winners previously had received \$100 awards in state competition, and they shaped a \$250 travel fund to pay their travel ex-

penses to Waterloo. More than 5,000 Future Farmers received medals during 1955 as dairy farming award winners in their local chapters, and the Foundation gave 46 of the 100 state awards. The four honored at Waterloo were judged most outstanding of the entire group.

The national winner, George Ford, was graduated from the Quincy High School in Florida last spring. Through farming programs carried on as a part of his course in vocational agriculture, he developed a dairy herd of 32 cows and 19 young stock of his own, and farmed 110 acres of rented land where he raised pasture and hay crops, and corn for silage and grain.

Each berthing area aboard the Navy's gigantic aircraft carrier USS Forrestal will have its own showers and recreation rooms with easy chairs and writing tables, all done in soft color schemes.

20% Of Southern Bell's Half Billion Improvement Program Comes To Florida

Like to feel the economic pulse-beat of the South? Then pick up your telephone and take a look—or a listen—at what's going on and what's contemplated telephone-wise for Dixie.

Against a background of continued heavy telephone service demands, the Southern Bell Telephone and Telegraph Company expects to spend approximately \$240 million in 1955 for new facilities of all kinds. More than half of them have already been installed. The remainder will be put in between now and the first of the year.

It will be the biggest year's service improvement and construction program in the company's history, comparing with \$188 million in 1954. President Fred J. Turner revealed in Atlanta. Telephone service is continuing so heavy at present and looks so big on into the future that we expect to invest more than \$250 million for new

equipment in the nine states in 1955. That's nearly \$500 million that this one Southern firm expects to invest in the South in just two years in new buildings, cables and wire, switching apparatus and all the other facilities that go into telephone service. It no doubt will be the greatest investment of any company in the region for the period. It comes on top of record investments already made in the South in the past nine years by Southern Bell, which serves large portions of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee.

Nearly 4,750,000 Telephones Around three-fourths of the construction will be for the purpose of providing telephone service to new areas and to provide higher grades of service to party-line customers, Mr. Turner disclosed. Southern Bell customers

now use nearly 4 1/2 million telephones. The number has doubled in eight years since mid-1947. On an average day now, Southern Bell customers make about 21 million calls. Telephone officials expect the number of Southern Bell telephones in use to pass the five million mark in the summer of 1956. Then there'll be five in use for every one in use back in 1929 when the first million was reached.

Mr. Turner cited three big factors responsible for particularly heavy telephone demands in the South: (1) Increased individual and total income resulting from commercial, industrial and agricultural expansion of the area; (2) Increased number of families and households created by population growth, marriages and other factors; (3) The "telephone convenience question" which he described as "that quality of telephone service that meets the increasing demand of the public for an instrumentality that saves time and adds convenience when they want to get something done or get something said."

Looking beyond 1955, Mr. Turner said, "The development that continues in the South is especially exciting to see from the vantage point of a company operating over the entire South. We expect development in the South's economy to continue. So far, the development has been so rapid that we have not been able to meet all requirements of our customers immediately upon receiving their orders. The first objective of our extensive 1955 and 1956 construction program is to eliminate the waits and to provide service to meet the public's needs on a current basis, even though the demands continue phenomenal.

Large Capital Needed "Of course such a program brings the need for large sums of money. For the most part, they will be new capital funds invested in the future of the South in the confidence that our region's vigorous growth will continue, and that the business will be able to realize adequate savings in order to keep financially sound and continue contributing to the region's progress." Funds for telephone construction do not come out of monthly revenue from customers but "must be raised from investors willing to put their money in the telephone business," Mr. Turner pointed out.

In Florida, where Southern Bell has increased the number of telephones in use from 236,000 ten years ago to 728,000 today, General Manager C. J. Yates said \$44,500,000 in new facilities will be provided in 1955 and about \$55,000,000 are now contemplated for 1956.

Mr. Yates said the new equipment to be provided will augment "tremendous telephone growth that has already taken place over the state." The new construction will take place in the cities and towns and the rural countryside as well, he added.

New Convenience The extent and variety of telephone services today are an impressive companion to the big increase taking place and planned in number of telephone subscribers. New and more flexible telephone services are finding their way from the laboratories to homes and offices. Mobile telephone service for cars and trucks, outdoor telephone booths, automatic answering and recording devices, telephones for the kitchen where the housewife spends so much time, streamlined colored sets and many other items have been tailored to fit in with the concept of a new high "telephone convenience quotient."

Not only do you find Southern Bell with far more telephones today, you find them able to use the new flexibility of the telephone in more ways. And if Southern Bell's coming activities are an indication, the end isn't yet in sight.

write to Congressman Paul G. Rogers, Room 111, Old House Office Building, Washington, D. C., giving his full name and address; parents' name and address; high school and the date graduated or will graduate; the college he has attended, if any; his approximate standing in his class; and his extracurricular activities, such as participation in student government, public speaking, and athletic activities.

Each congressman and senator may nominate ten young men from his District to compete by examination for appointments to the Air Academy. From the 100 men competing among themselves from Florida, the Air Force will choose five

to attend the Air Academy as cadets. Nominating sources other than the congressional nominees are: Presidential, Vice Presidential, Regular Component, Reserve Component, Sons of Deceased Veterans, and Sons of Medal of Honor Winners.

UNEMPLOYMENT BENEFITS LOWERING; 20% DENIALS

Unemployment insurance payments have remained lower for six successive months than the same period last year, reports Industrial Commission Chairman James T. Voelke.

August benefit payments totaled \$1,805,511, or \$16,000 less than the same month last year,

even though maximum payment to individuals was raised to \$26 a week from \$20 by the 1955 Legislature.

The lower total of unemployment benefits began in March, and reversed the trend of January and February when payments were higher than those two months of last year.

Voelke said this factor "seems to be a good indicator that our economy has been stabilized on a higher level in the summer months than ever before."

Business declines in the "off season" have decreased sharply. Apparently a growing summer tourist trade has been the most important factor, along with increased activity in other phases

of the Florida economy also, Voelke said.

A seasonal increase in unemployment payments showed up in August as expected over the previous month, meaning that business activity still shows summer decline under the winter peak of activity, although less than in past years.

The seasonal unemployment peak has apparently been reached as new claims filed in August by covered workers out of work through no fault of their own were down by 34 per cent under July. Continued claims increased by 17 per cent over July but were 2,500 less than last August.

Two of every 10 persons filing claims in August were declared ineligible for one or more reasons, Unemployment Compensation Director Charles M. Mann reported.

MENTAL HEALTH NOTES

What is good mental health? To be able to live in the present, to get plenty of food, rest and recreation, to have self-respect, to be serious in one's efforts (yet be able to laugh on occasion) to consider the interests of others and give

them the right to be different, peculiar or even wrong, to have trust in others, to be able to face problems squarely and do something about them as they arise.

Want To Try For Air Cadets? Write Your Congressman

Congressman Paul G. Rogers stated today that he would be glad to hear from any qualified young men of his District who are interested in applying for a nomination to the Air Force Academy. Basic qualifications are: They must be at least 17 and less than 22 years of age on July 1, 1956; male citizens of the United States; never have been married; of good moral character; at least five feet, four inches tall and not more than six feet, four inches; and physically qualified for flying duty. They must also be residents of the Sixth Congressional District.

Any young man with these qualifications who would like to receive consideration should

1956 PONTIAC 870 FOUR-DOOR SEDAN MORE POWERFUL — The popular Pontiac 870 four-door sedan offers more power and higher performance in 1956 with its bigger 205 h.p. Strato-Streak V-8 engine, and an improved Hydra-Matic transmission that gives smooth economical performance. Displacement of the 1956 Strato-Streak V-8 has been increased to 316.6 cubic inches and compression raised to 8.9:1. Exciting new colors in "Vogue" two-toning, sumptuous interiors and new styling features add new beauty to the four-door sedans, available in all three series.

to attend the Air Academy as cadets. Nominating sources other than the congressional nominees are: Presidential, Vice Presidential, Regular Component, Reserve Component, Sons of Deceased Veterans, and Sons of Medal of Honor Winners.

Unemployment insurance payments have remained lower for six successive months than the same period last year, reports Industrial Commission Chairman James T. Voelke.

UNEMPLOYMENT BENEFITS LOWERING; 20% DENIALS

Unemployment insurance payments have remained lower for six successive months than the same period last year, reports Industrial Commission Chairman James T. Voelke.

even though maximum payment to individuals was raised to \$26 a week from \$20 by the 1955 Legislature.

The lower total of unemployment benefits began in March, and reversed the trend of January and February when payments were higher than those two months of last year.

Voelke said this factor "seems to be a good indicator that our economy has been stabilized on a higher level in the summer months than ever before."

Business declines in the "off season" have decreased sharply. Apparently a growing summer tourist trade has been the most important factor, along with increased activity in other phases

Announcing the Fabulous '56 Pontiac

THE STAR CHIEF 4 DOOR CATALINA

Introducing A BIG AND VITAL GENERAL MOTORS "AUTOMOTIVE FIRST!"

With all that's newest in glamour — and all that's greatest in "go" — the fabulous '56 Pontiac, now on display, awaits your hands on the wheel.

And when you drive it, you will get the biggest thrill in all your motoring experience—because this car is really loaded!

The big and vital General Motors "First", which heads its long list of look-ahead features, couples the two most advanced high-performance developments in the industry:

1. An all-new, big-bore Strato-Streak V-8 engine that puts 227 blazing horse power at your toe-tips.

2. A completely new Strato-Flight Hydra-Matic that delivers this terrific "go" with a smooth surge of power at any speed.

You now sweep from take-off to top performance with the ease of a sailplane.

You slow down for traffic, speed up for passing, or gun for a high hill with the changing pressure of your toe on the accelerator the only sign of effort.

You may have had it smooth before—but never like this! It literally must be experienced to be believed.

That's plenty—but there's much more to make this a date to be long remembered.

A new Strato-Flight Hydra-Matic—coupled with Pontiac's 227-H.P. Strato-Streak V-8—results in performance so new and dramatic it must be experienced to be believed!

There's smart, new beauty and luxury for America's most distinctive car. There's the safety of big brakes and road-hugging length... the security of a smooth new ride and sure-footed cornering.

There are many, many other things which mark this beauty as the glamorous pattern for tomorrow's cars. But come in and see for yourself. Take a long look at the six luxurious new Four-door and Two-door Catalina hardtops. Sample the results of its fabulous General Motors "First".

Sure as you enjoy thrilling action, here's your next car!

*Optional at extra cost.

ROTARY AND LIONS membership is granted to High School students, one for each semester. These schoolboy members attend regularly and bring another high school boy as guest each week. The members are selected by the faculty, and participate in the committee work of the club to which they belong. Top-left to right, Leo James Lion member for the first semester and George Farnall for the second semester. Dale Ellis is Lion Chairman of the Schoolboy Committee. Bottom—Roy Litchfield Committee Chairman for Rotary and Rotarian James Chambliss for the second semester with Donald Tanner, first semester Rotarian.

FISHER BODY'S MODEL CAR CONTEST FOR 55 HIVES & SCHOLARSHIPS

Eight university scholarships worth \$20,000 and another \$70,000 in cash and U.S. Savings Bonds are the stakes in the 1955 Fisher Body Craftsman's Guild model car competition. It was announced today by James P. Wines, secretary of the Guild.

In addition to individual awards to successful young model car builders, the Guild awards permanent trophies to the schools attended by first state, regional and national winners.

Since 1930, the Fisher Body through the ages of 12 through

19 is eligible to enter the competition and may obtain an enrollment card by writing to the Fisher Body Craftsman's Guild, General Motors Corporation, Detroit 2, Mich.

A booklet on model car design and construction, the only text book of its kind for youths wishing to learn about automobile design, is given to each boy enrolling in the Guild. It was prepared by professional designers from the General Motors Styling Section, Fisher Body Division engineers and the Technical Staff of the Craftsman's Guild.

The awards for the best models entered in the Guild competition again include eight university scholarships for the national winners of the Junior (12 through 15 years old) and Senior (16 through 19) Divisions of the competition. In each age group the awards will be: 1st—\$4,000 scholarship; 2nd—\$3,000; 3rd—\$2,000; 4th—\$1,000.

There will be 14 awards in each state and the District of Columbia, seven in each age group as follows: 1st—\$150 cash; 2nd—\$100; 3rd—\$50, and four honorable mention awards of \$25 U.S. Savings Bonds. For judging purposes, the 48 states and District of Columbia are grouped into 20 regions, each of which will send a Junior and Senior Division winner expense-free to the national Guild convention next July.

Sons of General Motors employees (including dealers and their employees) are eligible to enter the competition. Duplicate awards are made if the son of a GM employee wins.

Navy Reduces Time Between Promotions

The Navy has cut in half the number of months required for seamen apprentices before they can be promoted to seaman. This move will enable many sailors to win promotion to a third class petty officer within 12 months of naval service.

The service in grade requirement has been reduced from six months to three months for enlisted personnel of the lower pay grades. This cut in the time requirements is only for those serving on active duty with the Regular Navy.

While announcing the eased time requirements, the Navy called on all Commanding Officers to increase their training programs for their seaman ap-

prentices. This order called for the training programs to include petty officer grades.

Particular emphasis is to be placed on the training of personnel for advancement to petty officer ratings, according to Vice Admiral J. L. Holloway Jr., Chief of Naval Personnel. He also noted that "with proper training many personnel may attain a petty officer rating prior to or shortly after their first year of naval service."

A seaman recruit is promoted to seaman apprentice after nine weeks of recruit training, or within four months of naval service. After serving in pay grade E-2 for three months before advancement to pay grade E-3, the sailor needs an additional six months as a seaman before being promoted to pay grade E-4, the third class petty officer grade.

\$275,258,000 IN TAXES BY FLA. TO WASHINGTON

A total tax "bite" of \$1,418,370,000 came out of the income of Mr. and Mrs. Florida last year.

This figure represents the total cost of government at national, state and local levels. Compared with 1950, the total tax burden in Florida was up 65 per cent while income increased 36 per cent and population 27 per cent, the Florida State Chamber of Commerce reported yesterday.

Items on the Florida tax bill in 1954 are given in this week's business review of the State Chamber's research and industrial division. Of the total \$679,258,000 was collected by the federal government and an added \$187,000,000 was paid in the state in the form of "hidden" taxes, bringing the actual federal total paid by Floridians to \$866,258,000.

State collections amounted to \$320,771,000; counties collected \$131,241,000 and municipalities an estimated \$100 million.

The proportion of the tax total paid to the federal government has increased from 33 per cent in 1940 to 61 per cent during the past two years. State taxes were 23 per cent and county and city taxes combined to make up 16 per cent of last year's bill.

Balancing off a part of these tax payments were \$90,965,000 "returned" to Florida in the form of federal grants-in-aid and a sum of approximately \$695 million in wages and salaries paid to all public employees, including tax collectors.

Navy ROTC Exams Set December 10

The tenth annual competitive examination for high school seniors who desire to attend college and train for careers as Naval Officers will be held throughout the nation on Dec. 10, the Navy announced today. Applications for the NROTC are now available, but must be received by Nov. 19, the announcement added.

Successful candidates will start their Naval careers in colleges and universities across the country in 1956, with substantial financial assistance from the government. After a normal college education, graduates will be commissioned in the Regular Navy or Marine Corps, for active duty with the Fleet throughout the world.

Male citizens of the United States, between the ages of 17 and 21 are eligible to apply for the NROTC aptitude test. Persons who attain a qualifying score will be given the Navy's aptitude test, physical examination next February. From the pool of qualified candidates remaining in competition, approximately 18,000 young men will be selected for appointment to the NROTC, and the college of their choice.

Students enrolled in the Regular NROTC program will spend their summers on training cruises with the Fleet, and will receive \$600 annual retainer pay until commissioned. In addition to the normal college curriculum, the midshipmen will study a planned course in Naval Science. All tuition, fees, and books will be furnished by the Navy. This college training program is also open to enlisted men on active duty in the Navy and Marine Corps. Such candidates will be selected under a separate quota established for the services.

Applications are now available at all high schools, colleges, and U.S. Navy Recruiting Stations, or direct from the Chief of Naval Personnel, Washington 25, D. C.

SARASOTA TERRACE LOST BETTING ON OUR SUNSHINE
Betting on Florida sunshine is no sure-shot gamble.

C. V. Griffin, owner of the New Sarasota Terrace hotel here found this out the hard way. Last month he offered free

hotel rooms to Sun-O-Rama tour guests each day the sun failed to shine in Sarasota.

"During the first month of my wager I lost to 236 guests from 17 states," Griffin said. "The gambling hotel man blamed three women—the hurricanes Hilda, Ione and Janet, for his losses."

"The storms didn't hit Florida but they were close enough to upset the weather pattern and hide the sun three days," he said.

The winning guests came from New England, New York, the Middle West, California and several southern states.

Griffin's guarantee, based on his confidence in Florida's slogan as the "Sunshine State," is good until the last day of December.

Griffin's guarantee, based on his confidence in Florida's slogan as the "Sunshine State," is good until the last day of December.

Decorator's Notebook

by Alicia Joyce

It's HOME FASHION TIME, Sept. 29-Oct. 8. This is the time of year the new home furnishings styles are introduced to the home-maker. Most retail furniture stores are holding open house so that you can see these new fashions.

The new fashions for your home are elegant and tasteful. The dining room shown is typical of today's trend. Furniture is scaled for the smaller dining area, yet styled for the more formal setting. This particular group is a classic contemporary version of Italian Frezidella style.

Circular dining tables have found a return to popularity and it is not difficult to see why. This one is truly elegant, as well as functional. Note the casters for easy mobility.

Generally proportioned, the drop leaf serving cart has many purposes. It may be used as a tea wagon, a bar cart, a room divider, or a living room console. It too, is an enigma. The entire series, including the drop leaves, is of a white finish to insure permanent luster.

Walnut wood has been used for this grouping. This is highlighted with brass trim seen in medallions on the table apron, in the lovely top drawer pulls, and the tiny ornate stop the chair back. To unify the setting, wall-to-wall carpeting is used.

During HOME FASHION TIME you can preview these new fashions for your home.

Government Payrolls Boost Florida Income

Floridians looked to private business last year for the source of 79 per cent of their total personal income while public employment and payments made up the balance.

This 79-21 relationship in the origin of personal income in Florida compares with an 83-17 ratio nationally. Florida's higher proportion of public monies may be explained, says the Florida State Chamber of Commerce, by the state's advantages in climate and location for military training and testing facilities. In only seven other states are more military personnel stationed than in Florida, with four of these being greater in population than Florida.

The private source total may

be broken down, in part, showing \$5,574,000,000 paid in wages and salaries (including social security deductions); \$819 million realized by proprietors of professional and unincorporated businesses and of farms; and \$758 million from the ownership of property (rents, dividends and interest).

Making up the major part of the government payments were \$808 million in wages and salaries and allotments and over \$300 million in all types of public assistance programs. The public wage-allotment total (including social security deductions) may be further broken down into \$310 million paid to the military, \$172 million to civilian employees and \$328 million paid by state and local governments.

BELCHER OIL BEGINS WORK ON LAKE HARBOR PUMPING STATION NO. 3

Construction began this week on Pumping Station 3 of the Central and Southern Florida Flood Control Project as contractors for the million dollar structure began access road construction and mobilization of heavy equipment. The new station is located in the Lake Okechobee levees at Miami Canal near Lake Harbor.

According to Colonel E. E. Kirkpatrick, District Engineer for the Army Engineers in Jacksonville, the contract was awarded to Belcher Oil Company of Miami on September 21 for \$1,044,482. Three other bids ranging up to \$1,381,355 were received. The government estimate was \$1,011,620. The contract includes construction of the new pumping station and also modification of adjacent existing Hurricane Gate Structure No. 3 to replace present manual operation of the sector gates with automatic pushbutton controls. Electrical energy source for the revised operation will be from both commercial lines and the generators of the pumping station. Pumps and engines for the station have been under construction by Fairbanks-Morse and Company since last May under a half-million dollar contract.

This is the sixth of nine major pumping stations to be placed under construction by the Corps of Engineers in the Everglades region to remove floodwaters from agricultural developments. Completion of Pumping Station 3 is scheduled for September 1957, including the hurricane gate structure modifications, Kirkpatrick said.

Pumping Station 3 will discharge excess water to Lake Okechobee from a 123-square mile area tributary to Miami Canal and extending some 13 miles southward from the lake along the canal. It will contain 3 pumps of 11-foot diameter, with combined pumping capacity of 1,161,000 gallons a minute. Each pump will be operated by an opposed piston-type Diesel engine of 960 horsepower. The structure will be of reinforced concrete and concrete block construction and will be hurricane-proof to enable operation under all weather conditions, the engineer stated.

Other similar pump stations completed in the area are S-5A on West Palm Beach Canal at Twenty-Mile Bend, and S-13 on South New River Canal near Davis. Others under construction are S-9 near the westerly end of South New River Canal at the conservation area levees of the project, S-6 near the midpoint of Hillsboro Canal, and S-2 at Lake Okechobee where Hillsboro and North New River Canals intersect.

NEWS OF GLADES BOYS AND GIRLS IN THE SERVICE

"KEY" MAN IN THE NAVY

— Lynn A. Dasher, airman recruit, USN, son of Mr. and Mrs. L. E. Dasher, of P.O. Box 278, South Bay, Florida, stands a barracks watch in the dormitory of his all-state Florida company, the "Hurricanes." Participation in the barracks watch is one of the duties of a new recruit at the Naval Training Center, Great Lakes, Ill. Alternating, the company members stand 2 to 4 hour watches. It is their responsibility to safe guard the crew's compartment and act as fire watch. The barracks watch carries the company keys to the rifle rack, mail box, radio container, camera locker and other storage compartments with him at all times on his guard belt. Legions worn by Dasher is the trade mark of a "boot" in training. Inside the compartment can be seen the "Hurricane sacks" and attached to the upper part of the bunk is what's commonly called in

recruit training, a "ditty bag" where shaving equipment is kept. The "Hurricanes," all airman, of company 492 were named by their sponsors, the Navy Hurricane Hunter Squadron from the Jacksonville, Florida Naval Air Station, (Official U.S. Navy photograph).

Recently completing an around-the-world cruise aboard the USS Midway, Alcyon Clyde W. Crosby, released from service Oct. 5 from the reserve in Miami, 16 was in the aviation ordnance department.

He entered the service in November 1945, and was on good will tour in the Mediterranean for seven and one-half months.

The tour on the round-the-world cruise took eight months and included ports of Capetown, So. Africa, Colombo, Seylon, Manila, Philippines, and Hong Kong.

The Midway also served in the Tachon evacuation and operated in and out of Yokosuka, Japan.

C. W. is the son of Mrs. Clyde W. Crosby of S.W. 16th St., and is now working at the Kilgore Seed Co.

Set. Bill J. Bailey embarked from Inchon, Korea, aboard the USS General House and put in port at Seattle, Wash., on Sept. 27. Making the trip by train to Ft. Jackson, S. C., he was released from service on Oct. 5, and is vacationing for awhile at home before entering business.

He is the son of Mr. and Mrs. C. A. Bailey and his wife is the former Sue Armstrong.

Completing his basic training at Ft. Jackson, Bailey was transferred to Korea in the Eighth Army Forward, and served as program director of radio sta-

tion Homesteader. The Eighth Army Forward was organized in Korea to maintain direct contact with U.S. units on the peninsula after the Eighth Army moved to Japan.

INSURANCE FOR CITY EMPLOYEES CONSIDERED

At the last meeting of the city council a letter from Gulf Life Insurance Company was presented wherein they asked the city to set specifications and request bids on group insurance plans for city employees.

The city manager was instructed to study other nearby cities to find out what type plans the other cities were us-

ing. After this study is completed the commission is expected to act toward the request for bids on insurance.

STOP NEMATODE DAMAGE!

For bigger, better yields

USE **D-D**

The proved soil fumigant

Tiny but mighty—nematodes can reduce your vegetable crop production as much as 50%. That's why so many vegetable growers depend on a preplanting D-D treatment for nematode control.

D-D is a liquid which is injected into the soil where it becomes a gas, killing nematodes. D-D is easy to use. Apply D-D with conventional gravity-flow plow equipment or a simple, inexpensive tractor attachment. In many areas, your D-D dealer can arrange for a custom application. D-D is economical. One preplanting treatment per season is all you need for effective control.

Drop in at your nearest D-D dealer today. He'll be glad to give you further information on D-D and its application.

COAST GUARD ACADEMY—Entrance to the U.S. Coast Guard ENTRANCE EXAMINATIONS TO BE HELD FEBRUARY 1956. Congressman Paul G. Rogers announced today that the competitive examinations for en-

marked on or before January 15, and the Congressman urged all qualified young men who are interested to write for details and applications as soon as possible to Coast Guard Headquarters in Washington, D. C. He further stated that there are no appointments or geographical quotas for entrance to the Coast Guard Academy, and young men who complete this four-year course obtain a bachelor of science degree and a commission as a career officer in America's oldest sea-going service.

A candidate for the next examination for the Coast Guard Academy must be single, must have reached his 17th but not his 22nd birthday by July 1, 1956, and must be in excellent physical condition.

A high school diploma is the minimum educational requirement, although high school seniors assured of being graduated by June 30 are eligible to take the examination if they will have at least 15 credits by that time. All applicants must have three units of English, two of Algebra, and one each of Plane Geometry and Physics by graduation.

Congressman Rogers stated that he would be glad to answer any inquiries from young men in his District, or assist in any way that he could in making arrangements for the examinations.

PORT MAYACA TRUSTEES REPORT ASSESSMENTS FOR GLADES TOWNS

The fiscal report from the Port Mayaca cemetery board of trustees was read at the last city commission meeting assessing the amount to be paid by Belle Glade, Pahokee and South Bay for the period Oct. 1, 1955 thru Sept. 30, 1955.

The assessment, based on the 1950 census, allotted 57 per cent of the expenses to Belle Glade, 35 per cent to Pahokee and 8 per cent to South Bay.

Expressed in dollars the figures are: \$2,826.35, \$1,335.48 and \$398.67 respectively.

The 1950 census figures give these population figures: Belle Glade, 7,219; Pahokee, 4,472; South Bay, 1,045.

The special census taken this year showed increases in all

three cities; however, the trustees used the previous figures.

New Money Order Form In Use Here

A new money order form is now in use at the Belle Glade Post Office. "To curb the raising of postal money orders," the Post Office Department has redesigned the money order form at first and second class post offices, including the stations and branches." Postmaster George P. Farnall announced.

When the new money order form was placed in use, the purchaser's application was discontinued. In issuing the new form, the amount requested by the purchaser is written in the money block on the order, the purchaser's receipt and the post office stub, and then a rubber stamp impression inserted in the proper space to indicate the next higher amount in multiples of \$10.

For example, Farnall pointed out, a money order showing the figure six in the dollar block bears a rubber stamp impression showing TEN in the proper space. An order written for any sum between \$10.01 and \$20 would bear a rubber stamp impression of the word "Twenty", etc.

After detaching the post office stub and partially separating the purchaser's receipt, the order is handed to the postmaster. It is the purchaser's responsibility for entering his name and address as well as the name of the payee. Purchasers are advised that the money orders are the same as cash until the payee's name is written thereon, according to the postmaster.

New Hours Set For Rambler Teen Center

The Rambler Teen-age Center on Lake Road is another organization falling under the jurisdiction of the newly created Recreation Commission. The center began functioning this school year under the management of Mrs. Henry Collins.

A report read to the city commissioners Oct. 12, showed an operating loss of \$216.93. One big reason for the loss was due to the cost of repairs to the building and equipment which was \$370.15.

It was felt by members of the recreation committee and Mrs. Collins that the Rambler should sustain itself in the future without loss.

The new hours of operation will be from 10 to 5 and 7 to 9:30 on Mondays and Tuesdays; 10 to 5 on Wednesdays and Thursdays with no night hours; Fridays from 10 to 5 and 7 to 11:30 and on Saturdays 7 to 11:30 at night.

GARDEN STUDY CLUB TO MEET OCTOBER 24

The Belle Glade Garden Study Club will hold their regular meeting, Monday, Oct. 24, at 9:00 a.m. at the Woman's Club building.

THE ANSWER IS GOD

Girl Scout News

The Fifth Grade Intermediate Girl Scouts held their first organizational meeting under the leadership of Mrs. Peter La Chance. This group of girls are working this year toward their second class rank in Girl Scout. Parents who have girls in this group that are not acquainted with the eleven program fields may get a better idea of the requirements of the second class rank by the following:

In the field of Arts and Crafts, they have a choice of either (1) make and use an original design and carry it out in one of the crafts such as needlework, basketry, leather, metal, ceramics, etc., or (2) make and bind a scrapbook.

In the field of Literature and Dramatics, they may select a book or story on one of the 11 program fields, and use it in learning about these fields, or dramatize a story and present it before an audience, either at a troop meeting, or at a public gathering. Under the field of Music and Dancing they may choose between learning five

girl scout songs, and teaching a simple dance to someone, or listening to symphonic music, learning to recognize by sound at least two of these instruments, and by sight be able to identify 10 of the instruments.

Under Community life, they may take part as a color guard at a gathering, and plan and direct the work of the color guard, or they may do something to improve either the troop meeting place, or participate in a program for local improvement. Under the field of International friendship, they may be acquainted with someone from their own community who was brought up in another country, and from that person, learn something about his country, or they may study the Girl Scout and Girl Guide program in other countries, and learn about them.

Under the field of Nature, the girls may choose to identify six each from two of the following groups: trees, birds, wild plants, garden flowers, or constellations; or, they may learn to recognize three kinds of cloud formation, and make five weather flags, and know what they mean when used in communication.

Under the Out-of-Doors, they may go on a hike and be responsible for part of the planning on where to go, what to wear, the program after they arrive at the destination, necessary first aid, laying a trail, keeping a record of the outing, etc., or they may learn to build various types of outdoor fires, when to use the different kinds, suitable spots for them, etc.

Under Sports and Games, they may learn outdoor and indoor games, or they may learn to use and how to use various kinds including the bowling, clove hitch, square knot, sheepskin and sheepshank.

In the field of Agriculture, they may learn to take complete care of an animal, a garden, or three different kinds of house plants, and do it for a week, or they may plant seeds, make cuttings, etc., and take care of the mfor four weeks.

In the field of Health and Safety, they may learn the essentials of First Aid, or they may prefer to learn personal hygiene and keep a record on themselves in this regard, and also learn a healthful diet, and keep a record of their own diet.

Finally, under the field of Homemaking, they may learn by practicing to be a good house-

ness, preparing and serving the refreshments for a party, inviting guests, and providing a program of interest, or they may learn to darn, mend triangular tears, make a hem, sew on snaps and buttons, etc.

At the end of their first year in Intermediate Girl Scouts

having completed the requirements specified in each of the 11 program fields, they receive their second class rank, and are then ready to earn proficiency badges under various of the 11 fields. The earnings of these proficiency badges, beyond the second class rank, provides the

way to earn the first class rank. When a Girl Scout reaches this point, she has not only a basic knowledge of all 11 program fields, but a special knowledge in several of them, and has learned a number of skills which will benefit her throughout all her life.

TAKE A SUN-O-RAMA HOLIDAY TOUR NOW
HOTEL ROOM IS FREE! THE SUN DOESN'T SHINE... SEPT. THRU DEC. 1955

7 wonderful days
6 romantic nights

Belle Glade Growers Profit

—with a planned ORTHO program

Here's how: ORTHO gives you more for your crop pest control dollar.

1. Fast local pest control service.
2. Expert counsel from specially trained ORTHO Fieldmen.
3. Freshly ground dusts that are double-milled for extra-particle fineness.
4. Sprays "tailor made" for local insect and disease problems.

Belle Glade area growers: ORTHO recommends this Fall control program—

For corn — PEST-B-GON, PERSISTO, ORTHOPHOS 4 Spray

Soil treatment for wireworms — ORTHO-KLOR 8 Spray and Heptachlor 2 Spray.

For celery — ORTHOCIDE, ORTHOPHOS, ALLTOX

For crucifers — ORTHOPHOS 4 Spray, PEST-B-GON, ALLTOX

For information on how a planned ORTHO program can increase your crop profits—call

Ed Acree, P.O. Box 27, N. Miami, Fla.

On all chemicals, read directions and cautions before use.
